NORTHERN ASIAN POWER-MISSION 2021: INDIA

Building The Special Relationship 1 – 5 March 2021

The Asian community has, for decades, provided a powerful and varied contribution to the UK and, in particular, the north of England. Following the successful launch of the Northern Asian Power list we are excited to explore the international business opportunities and to build on the living bridge.

Programme

The event will be chaired by:

Professor Roopinder Oberoi
Founder of the Centre for Innovation and Social Enterprise,
University of Delhi

Sharon Jandu, Project Director, NAP mission - India

	and the University of Maryland and earned an MBA from EDHEC in France. He is based in Boston and is also a Life Charter Member of TiE network.
Closing Remarks from our Patron & Partners:	
 <p>Karen French, Partner, Squire Patton Boggs</p>	As a founding patron of the Northern Asian Power-Mission and previous to this the Northern Asian Power list, we have been astounded by the support that the project have received to date from dignitaries, business champions and trade organisations. Being part of the inaugural virtual Northern Asian Power-Mission with a focus on India and seeing the sheer amount of goodwill and collaboration across the Northern Powerhouse and India really demonstrates the synergies between the UK and India and the living bridge in action. We have been supporting Asian businesses with their international expansion and inward investment strategies for years and this project showcases the very best of how international relationships can and will develop.
 <p>County Councillor Keith Iddon</p>	We are proud to be leading Lancashire's involvement in the Northern Asian Power Mission 2021, showcasing the county's sector strengths to an incredibly important audience. Lancashire County Council is committed to supporting the growth of trade and investment links with key international markets such as India, and with such a vibrant Asian business community located in the county, we believe that there is great potential for these links to drive tangible economic growth
